December 7, 2001

Sir:

Prior to calculation of the filing fee and prior to the examination of this application,
please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend claim 27 as follows:

27. An immunotherapy combination according to claim 1 inclusive, whose
combination consists of a mixture of reagents containing independent doses of effective
formulations, either of Mab or vaccines, where the combination of those independent
formulations induces decreased growth of tumors that over-express EGF-R.

REMARKS

The above amendment to the claim has been made to correct the multiple
dependency of the claim and to put the application in better condition for examination.

Please charge any fee deficiency or credit any overpayment to Deposit Account
